

## RAINBOW OF CHOICES IN KINDERGARTEN

Your kindergarten child has the opportunity to make **GREAT** choices each day at school! They will start each day in the **READY TO LEARN** section and will have the opportunity to move up or down depending on their behavior.

We love to incorporate teamwork in our kindergarten classroom and we do that with behavior. To encourage teamwork and working together as a family, we have a blue clip that we move. When we, as a class, make great choices, we will move our clip up. If the class clip ends on **blue** (Good Choices), they will earn bonus points/stars. Rewards will be decided by the class and by myself.

We will spend time talking as a class what it looks like and sounds like to be **ready to learn**. Your kinder will know what is expected and will be given many positive comments and praises for making good choices.

<b>GOOD CHOICES</b>	If you make good choices I will ask you to move your clip up to this section. What a good job!
<b>READY TO LEARN</b>	Everyone begins their day in this section. Each day is a fresh start! If you stay at this level the entire day it is a super accomplishment!
<b>THINK ABOUT IT</b>	If you are making poor choices, I will give you a warning and ask you to move your clip to this section. Think about your choices and get back on track so that you can move your clip back up if your behavior changes!

## OUR CLASS RULES

It is my goal to have our classroom be a positive, learning, comfortable, secure and fun environment. To accomplish this goal rules need to be established and obeyed by everyone. Therefore, we have 5 rules that we will promise to work towards each day.

Each day we will recite our 5 rules to remind ourselves that each day is a fresh start for learning.

It is my hope that as the school year progress, I will hear and see these rules being observed at school and you will at home too.

**\*\*Follow directions quickly.**

**\*\*Raise your hand to speak.**

**\*\*Make smart choices.**

**\*\*Be kind.**

**\*\*Make everyone happy.**

**I CAN BE A SUPER HERO  
BY MAKING  
GOOD CHOICES EACH DAY!!**

## Our Classroom Rules/Management

Our classroom is a small community of learners where we all are expected to work as a team and good relationships are expected. We will spend time learning class procedures/rules and practicing them throughout the year.

Each kinder is expected to act within our class created "Classroom Contract/Promises". The kinders will be guided to respect themselves and others through continued reference to our classroom contract/promises. This contract will be created our first week of school together. The kinders and myself will work together to answer the following questions: How do you want to be treated by the teacher? How do you want to be treated by each other? How do you think your teacher wants to be treated by you? How do you want to treat each other when there is conflict? The classroom promises are reinforced throughout the year by the kinders holding each other accountable and providing feedback on how we are doing as a group.

I will use the following questions with a kinder when a kinder is not making a positive choice:

What are you doing?

What are you supposed to be doing?

What are you going to do to change your behavior?

In our classroom community we will build meaningful relationships and hold each other accountable to our personal best.

I will also use a non-verbal check signal (side ways thumbs up) to a kinder that needs a little redirection before I ask them the 3 questions.

This system will also connect with the "Rainbow of Choices" as each kinder will first receive the 3 questions as a reminder then if the behavior continues they will be asked to move their clip.
